

PROLIFIC

Valorisation routes for agro-industrial side-streams

A workshop organised by University of Bologna
Department of Biological Geological and Environmental
Sciences (BIGEA) & Department of Civil, Chemical,
Environmental and Materials Engineering (DICAM)

Aula Giorgio Prodi
Piazza San Giovanni in Monte 2
Bologna

11 October 2022

Programme

Value chains from agro-industrial sidestreams Extraction, upscaling, prototyping

- 09:00** Participants registration and welcome coffee
- 09:30** Meeting opening
Prof. Philippe Corvini, FHNW School of Life Sciences, PROLIFIC Coordinator
Prof. Annamaria Celli, University of Bologna
- 09:35** Welcome note
Prof. Luca Fontanesi, UNIBO Rector delegate for Research Competitive Projects
- 09:45** The role of BBI JU and CBE JU in the implementation of Circular BioEconomy in Europe,
Prof. Fabio Fava (University of Bologna, IT Representative in the SRG of BBI JU and CBE JU)
- 10:00** Emilia-Romagna Region funding initiatives within the Circular BioEconomy
Prof. Arnaldo Dossena (University of Parma)
- 10:15** The role of Italian and European cooperatives in Circular Economy
Dr. Francesca Montalti (LegaCoop - Produzione e Servizi)
- 10:30** Q & A
- 10:45** Coffee break

- 11:00** PROLIFIC project overview
Prof. Annalisa Tassoni (University of Bologna), Scientific Coordinator of PROLIFIC
- 11:10** Recovering proteins from legumes by-products
Prof. Tullia Tedeschi (University of Parma)
- 11:20** A green extraction process to recover phenolic components from coffee side streams
Dr. Job Tchoumtchoua (Celabor, BE)
- 11:30** High-protein cereal-based food products from low-value agro-industrial side-streams
Uwe Lehrack (IGV, DE)
- 11:35** From agro-industrial by-products to sustainable bio-composites for packaging
Prof. Annamaria Celli (University of Bologna; IT)
- 11:40** Enhancing meat products with active ingredients from agro-industrial side-streams
Nicoletta Simoncini (SSICA, IT)
- 11:45** Coffee green bean fractions as functional feed ingredients
Stefanie Verstringe (Nutrition Sciences, BE)
- 11:50** Upcycled raw materials from agro-industrial side streams in cosmetics
Dr. Georgios Tsatsos (Cosmetics, GR)
- 11:55** Q&A
- 12:10** Coffee break

Other projects and initiatives

- 12:25** Recycling and circular valorization in the viticulture value chain
Dr. Rosa Grimaldi (Caviro, Faenza)
- 12:40** Social Innovation Food
Dr. Francesco Pascale (Terra Felix, Naples)
- 12:55** Turning tomato by-products challenges into new food packaging business
Dr. Marco Bertolini (Tomapaint, Mantova)
- 13:10** Future perspectives and closing remarks
Prof. Annalisa Tassoni (University of Bologna)

13:30 – 14:30 Networking Lunch
